WEAK, RUN DOWN WOMAN

Tells How Vinol Made Her Strong

So, Kaukauna, Wis.—I was weak, all run down, tired all the time, and had Asthma so I could hardly keep around and do my housework. After every thing else had failed to help me, Vinol built me up and made me well and strong.—Mrs. Jay Parker.

The reason Vinol was so successful in Mrs. Parker's case, is because it contains the necessary elements to create an appetite, aid digestion, make pure blood and create strength. It is the beef and cod liver peptones—iron and glycerophosphates in Vinol—that does it—you will not be disappointed if you try it. William L. Gokay, Druggist and Druggists Everywhere.

P. S.—Stop scratching, our Saxol Salve stops itching. We guarantee it.

TODAY'S AMERICAN

"TERRIBLE EARTHQUAKE"

Private Message Came to New York Man from Son in Porto Rico

New York, Oct. 12.—A message reading "Terrible earthquake and tidal wave at San Juan, Porto Rico, at 11 o'clock this morning," was received here late last night by a New York business man from his son, who is an officer in a military camp in Porto Rico.

San Juan, P. R., Oct. 12.—Governor Yager estimates that 150 lives were lost in Porto Rico as a result of the earthquake Friday. Almost every town in the island reports damage and fatalities.

There are unconfirmed reports here of great damage in Santo Domingo from the earthquake.

Reports from the interior of Porto Rico are coming in slowly because of broken communications.

A slight additional shock was felt at 4 o'clock this morning. The people fear a repetition of 1869, when earthquakes extended over several weeks.

Whatever else a salient on the western front may be, it is no place for a summer vacation.

The luxury tax on shoes will give the consumer something more to kick about, if not with.

Women street car conductors may use gum, but they won't stand in the rear door and chew tobacco.

It begins to appear that the American farmer must supply the bread line that is forming around the world.

Now that the army has a chewing gum ration civilians may learn what a chewing gum ration is and stick to it.

One man about whose right to be considered an essential worker there can be no question is the coal miner.

There is reason to believe that at least some of the reports of the former czar's death are greatly exaggerated.

His victims would like to see hay fever also classed among the non-essentials and barred for the duration of the war.

That \$250,000 worth of chewing gum ordered for the British soldiers will interfere somewhat with the cigarette habit.

Draft evaders only make trouble for the officers of justice and for themselves—they do not really evade any service.

Many a man of forty walks the street anxiously hoping that he will be questioned as a draft evader—and is disappointed.

It doesn't much matter whether the German soldiers believe the American soldiers are in the field, so long as they really are there.

Some of these schemes to end the war sound a good deal like the argument of the barber who says he can cure dandruff in two weeks.

To achieve victory we must have two armies: One that fights; one that saves. Every patriot will be a member of one of these armies.

The shoe manufacturers and style makers will not be upon a win-the-war basis until they make shoes that give the women toe room and a sensible heel arrangement.

HOW TO FIGHT OFF THE GRIP

Commonsense Rules Everybody Should Follow To Avoid Danger From Great Epidemic

To keep well—keep clean—avoid the person who sneezes—warmth is necessary—be well clothed.

Steady well, eat well, play well.

Avoid over-exertion—get run-down—do not let yourself get run-down—those who are weak and run-down are the earliest victims.

Remember that Father John's Medicine makes fighting strength to ward off the attacks of the grip germ.

Keep away from houses where there are cases of influenza.

A neglected cold leads to grip or pneumonia. Take Father John's Medicine at the first sign of a cold. It has had more than 60 years' of success treating colds and coughs.

Do not take medicine containing narcotic drugs, derivatives of opium or other poisons. You are safe when you take Father John's Medicine because it is guaranteed free from alcohol or dangerous drugs.

NORTH BENNINGTON

T. Hoctor of Hoosick Falls was in town Sunday.

Mrs. John James has been confined to the house by illness.

W. G. Shaw is substituting in the post office for H. S. Walbridge who is ill.

Dr. D. A. Gleason, who has been confined to the house by illness, is out again.

Miss Bessie Vedder of Pattersonville, N. Y., is the guest of Mrs. H. S. Walbridge.

Mrs. H. C. White and son C. W. White and family have been on a motor trip to Malone, N. Y.

John Flood, who has been quite ill of influenza at Camp Jackson, South Carolina, is reported improving.

Timothy Hoctor, marble dealer, of Hoosick Falls, has purchased the stock of the late James S. Clark. See adv. in another column.

The war-relief work at Mrs. J. G. McCullough's will be discontinued indefinitely, in accordance with the order from the State Board of Health in regard to public gatherings.

Get Good Shirts

If it were always easy to tell a good shirt from a poor one, men would naturally buy only good ones. No one would intentionally buy a poor shirt. It doesn't satisfy and it doesn't pay.

When you buy a "Hathaway" shirt, you can feel sure that it's a good one. It not only looks it, but we guarantee it. Hathaway shirts have gained a high reputation and you take no chances when you buy a "Hathaway" shirt.
